The following is what we the public want to have. We address the same to our congresspeople and senators.

1. No one company shall own radio, TV and newspapers in the same city.
2. Limit the number of radio, TV and newspapers which one company can own or control to small numbers in any one county - in any one state. We cannot tolerate any one company who owns or controls hundreds or thousands of the public owned airwaves.
3. Present legislation which has resulted in such abuses of the public airways must be torn up and replaced with laws that will guarantee our freedom from monopolistic practices and result in competition which we once enjoyed.
4. You must not listen to lobbyists for the mega-communications cartels.

You must listen to us, the U.S. public. We own the airwaves and you must return these valuable assets to us.

Sincerely:

Don Longmire
